13 July 2009: Two of our contributions have been accepted to the ACM Multimedia 2009 conference, to be held in Beijing in October. The first is a short paper entitled "ISP-Friendly Peer Selection in P2P Networks" by Zhijie Shen and the second is a demo paper "GRVS: A Georeferenced Video Search Engine" by Sakire Arslan Ay, Lingyan Zhang, Seon Ho Kim, and Ma He. Congratulations to all the authors!
